

**Reclaiming the Future:  
How Your Church Can  
Rise to the Challenges  
of COVID -19**

Byron  
Cook

Hello Pastor,

Being that pillar of peace in the wake of a storm is more vital now than ever before. Unfortunately, it can be difficult to continue to operate if your finances are not what they used to be because of the decline in member physical attendance.

Download this **FREE** eBook *“Reclaiming the Future: How Your Church Can Rise to the Challenges of Covid-19”* and learn what you can do to have the funds you need to continue to be the light of Christ in your community.

The key to future funding is not to rely on one stream or even one source such as only church members tithes and offerings. Since Covid-19 pandemic churches must now explore how to get non-members and non-attenders to give to the church’s causes and support it in ways that will augment what the church seeks to do. This book informs you on the steps to success.

Pastor, don’t put your worthy ministries and vision for your church on hold when we can show you how to grow even when attendance is down or even as attendance declines!

Email me today, [Byron@TheBelieversClub.com](mailto:Byron@TheBelieversClub.com) if you have any questions or want additional information. Just click on the button below to download the eBook for FREE this great **FREE** eBook that will give you New Reasons to be Encouraged About the Future.
